

Nimatic Drum Trolley

- Safe transport of standing drums
- Moveable drum trolley, mixer trolley, trash trolley and chip trolley - all in one.
- The height of the trolley fits a pallet. Drums can be pushed/pulled from and to the pallet
- Two turnable (one lockable) and two fixed rubber wheels ensure maximum mobility
- Max load: 225 kg
- Material: El-galvanised steel frame
- Total weight: 14 kg

Together with a Nimatic Emulsion Mixer you have the perfect transportable mixer unit. The Nimatic Drum Trolley is also ideal as chip trolley or trash trolley. The two turnable wheels and the two fixed wheels ensure maximum mobility.

Safe and easy transport of standing drums. The drum can easily be placed or removed from the trolley with a pallet lifter or a truck. The height of the trolley fits an EUR-pallet so the drum can be pulled/pushed to and from the pallet.
